DETAILED ACTION

EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with Gregory J. Maier (Attorney) on 06-03-09.

The application has been amended as follows:

Claims 79-82 have been canceled.

Allowable Subject Matter

1. Claims 1, 3-9, 11-48, 50, 53-77, 85, 87 and 90 allowed.
2. The following is an examiner's statement of reasons for allowance: Regarding claims 1, 48, 85 and 87, the prior references in record, in view of Applicant Remarks/in the amendment filed 02-25-08 and other claim combination, fail to teach storing a mobile network service provider and a land line network service provider identifying preferred route codes in the look-up table of the mobile telephone to route a call as well as transmitting the selected preferred route code via a communication channel of the mobile network service provider and the land line network service provider to establish communication for the call. There is no suggestion in any of the references to combine with any other references to teach the combination of limitations as claimed.

Since claims 3-9, 11-47, 50, 53-77 and 90 are dependent claims, these claims are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
